Day 15: Preparation for the Elections

The day began with prayer prepared by the Lebanese Sector inviting us to meditate on the Gospel of the Beatitudes (Matthew 5:1-12) which was sung in Arabic: "Whoever returns unceasingly to the Beatitudes of Jesus notices that their content is inexhaustible. They always have new resonances. We always find in them a different enlightenment for the time we are living. How do these words of Jesus resonate with me today? Then the Lebanese sisters invited each one of us to write down a beatitude necessary to bring happiness to our world today.

The delegates then entered into silence for the elections, following the communal discernment process proposed by the animators to elect the Superior General.
