

DAY 9

*“Holy sacred Spirit, breathe your breath on us.
Holy sacred Spirit, breathe your life in us.”*

The England/Ireland and Maine sectors invited us in the Morning Prayer to share in pairs: How are we touching the work of the Spirit in the first part of our General Chapter?

Joyfully and with enthusiasm, we then gathered in small groups to share the fruits of our prayer and to respond to the following questions regarding governance:

- ❖ What do we expect from good governance?
- ❖ What changes do we want?
- ❖ Can we write 3 or 4 concrete proposals?

Then, in a kind and respectful dialogue, the assembly was called to be attentive to new ideas and convergences in the sharing of the large group on this theme..

The working group on governance listened attentively and carefully to capture all the elements that the assembly will keep in the final chapter orientation.

Our day ended with an active and moving discussion on the question of the renewal of the Constitutions based on the reflections of the Provinces, Regions and Sectors. After this sharing, a small working group will draft a text that will later be voted upon.
