Unfolding the founding grace...
Journeying together with realism and hope....*

Day 17: Preparation for the Election of Three Councilors

We began the day with the Mexican sisters leading the morning prayer inspired by the Gospel passage of the Resurrection: "very early in the morning, on the first day of the week, they went to the tomb just after sunrise..." and by the icon of the 'women of the dawn', they invited us to be women of the dawn who seek the Lord Jesus who saves with tenderness and courage. The prayer concluded with the song "Women of the dawn, a hope that emerges now."

Then the delegates reengaged in the communal discernment process proposed by our animators (ESDAC) to elect the three councilors.

As we ended the session, we joined the Valpré community for the Eucharistic celebration.
